

# SynCut 700/1000/1400

**SYNCHRONISED DIAGONAL SAW TO SEPARATE  
AND CUT LARGER FLAT WORK PIECES**

**Works without profile  
clamping for reliable quality  
– even with high gloss foil**

## APPLICATION & TECHNICAL DATA

- ✓ Working widths 700, 1000 and 1400
- ✓ A retrofit component for existing lines
- ✓ Ideal final unit of a new PowerWrap Wide or MultiWrap Wide

## REASON TO INVEST

**Essential component of  
laminating lines for boards**

## YOUR ADVANTAGES

- ✓ Control system recognizes joint automatically
- ✓ High-quality cut
- ✓ Higher pulses for narrow boards possible, start and endpoint can be adjusted
- ✓ Works without profile clamping, no marks on surface material, no deformation of the wrapped profile
